The Bark of Hell

TEATRO E MARIONETAS DE MANDRÁGORA

Teatro e Marionetas de Mandrágora is a professional puppet theater company, founded on 2 April 2002, directed by **Clara Ribeiro** and **Filipa Mesquita** and **enVide neFelibata** as art direction.

- In the symbiosis of a symbolic language that combines heritage and traditional legacy with the contemporary society's thinking and dynamics, in a dialogue that's not always peaceful, a fundamental element emerges: the puppet — the tool used in our quest for our own cultural identity.
- Our goal is to discover the puppet's own aesthetic, visual, scenic, and dramatic potential, as well as in the relation between actor and puppet. In this experience, we intend to find our own identity-based dramaturgy: the one that explores culture, belief, and folklore combined with the urban area, the technological exploitation and the global village's fast pace.
- Throughout our artistic journey, we created a wide range of proposals, both in terms of audiences (adults, youngsters schoolchildren, families) and in terms of training (basic and specialized).
- One of our major commitments is touring our projects, through the country and abroad. We constantly concern on decentralization, community work, partnerships, social and inclusive enhancement.
- For over two decades, the Company firmly established itself as a contemporary artistic creation structure by putting on a wide range of shows. Some creations our own, others resulted from partnerships with national and foreign cultural structures and entities.
- Our team has always had space to freely create according to each other's

language and vision, converging to develop and enrich the puppet theater's art.

- Our Company focuses on social vulnerabilities but also traditions and heritage through different but converging sights. Dialogue with all different audiences, blend our creations with sites and spaces, intersect with partner entities and structures is essential for creating multidisciplinary projects that prioritize communication with spectators.
- We would like to highlight our collaboration with numerous educational service teams while implementing our education activities program in institutions such as monuments, museums, and landmark buildings.
- *Teatro e Marionetas de Mandrágora is supported by República Portuguesa - Cultura, Juventude e Desporto / Direção-Geral das Artes, Município de Espinho / Museu Municipal de Espinho e Município de Gondomar. The structure is based at FACE - Fórum de Arte e Cultura de Espinho and headquartered in Gondomar.*

ROOT CREATION

Original projects that aim to promote a broad artistic language and creative freedom for creators to challenge themselves artistically and dramatically, as well as in the exploration of interpretation, puppetry, and object theater. These creations are a fundamental reflection of their creators' concerns.

We decided on this designation due to the genesis of the name that gives us rise — Mandrake (Mandrágora), a plant associated with a certain mysticism. That root is also the origin point of our structure, which, in a very many-skilled way, branches out in diverse paths. We're a creative team that considers and analyzes each other's personal concerns and also challenges itself that lead to discoveries which affirm the art of theater and, more specifically, of puppetry.

More than two decades later, this form and figure emerged in a long process of discovery. We went through collective creations, invited directors, and gave voice to the artists who make up the creative core of the structure. Therefore, we believe we've achieved a clearer way of indicating the potential paths and trajectories of a collective composed by individual choices.
