TEATRO E MARIONETAS DE MANDRÁGORA

Teatro e Marionetas de Mandrágora is a professional puppet theater company, founded on 2 April 2002, directed by **Clara Ribeiro** and **Filipa Mesquita** and **enVide neFelibata** as art direction.

- In the symbiosis of a symbolic language that combines heritage and traditional legacy with the contemporary society's thinking and dynamics, in a dialogue that's not always peaceful, a fundamental element emerges: the puppet — the tool used in our quest for our own cultural identity.
- Our goal is to discover the puppet's own aesthetic, visual, scenic, and dramatic potential, as well as in the relation between actor and puppet. In this experience, we intend to find our own identity-based dramaturgy: the one that explores culture, belief, and folklore combined with the urban area, the technological exploitation and the global village's fast pace.
- Throughout our artistic journey, we created a wide range of proposals, both in terms of audiences (adults, youngsters schoolchildren, families) and in terms of training (basic and specialized).
- One of our major commitments is touring our projects, through the country and abroad. We constantly concern on decentralization, community work, partnerships, social and inclusive enhancement.
- For over two decades, the Company firmly established itself as a contemporary artistic creation structure by putting on a wide range of shows. Some creations our own, others resulted from partnerships with national and foreign cultural structures and entities.
- Our team has always had space to freely create according to each other's

language and vision, converging to develop and enrich the puppet theater's art.

- Our Company focuses on social vulnerabilities but also traditions and heritage through different but converging sights. Dialogue with all different audiences, blend our creations with sites and spaces, intersect with partner entities and structures is essential for creating multidisciplinary projects that prioritize communication with spectators.
- We would like to highlight our collaboration with numerous educational service teams while implementing our education activities program in institutions such as monuments, museums, and landmark buildings.
- *Teatro e Marionetas de Mandrágora is supported by Portuguese Republic – Culture, Youth, and Sports / Directorate-General for the Arts, Espinho Municipality / Espinho City Council, and Gondomar Municipality. The structure is based at FACE - Espinho Art and Culture Forum and headquartered in Gondomar.*

COLLABORATORS . PARTNERS . CO-PRODUCERS

d'Orfeu Associação Cultural
Franzisca Aarflot Productions

ROCKING SHOW

This category of projects brings together a set of artistic proposals aimed at young audiences, as well as families, school groups, or private audiences.

We consider artistic creation designed to educate audiences to be fundamental, but above all we believe that every individual should have access to cultural enjoyment regardless of their age. We also believe that these projects allow us to explore personal experiences and develop languages of artistic communication, creating very specific norms, such as dialogue with babies...

TECHNICAL RIDER

For more information about technical requirements and other production-related needs, please refer to the **GENERAL CONDITIONS** section of this document.

At the moment, detailed information about the technical rider associated with this production is not available. If you need to clarify specific technical requirements or obtain additional data regarding the implementation of scenography, lighting, sound, or other technical areas, you may request them directly via email contact with the company, which will be happy to provide the necessary documentation.

TECHNICAL RIDER { ATTACHMENTS

The following documents, including the "Light Design" and "Implementation of Scenography in Space", among others, are attached in this section for consultation. These materials can also be accessed through the links available in the **PROMOTIONAL DOCUMENTATION AND OTHERS** section, as well as in the downloads area corresponding to the activity in question on the company's website.

TECHNICAL RIDER

1 - FOH

1. High Quality sound system, appropriate for delivering high SPL at highest sound quality to the entire audience. Main System must consist of 4 full range 12" or 15" speakers mounted on stands. (L-acoustics, Martin Audio, d&b).

2. Console

Conchas will need a small mixing console with at least **6 input channels** of audio, with parametric equalization. If it is an analog console it will also be needed a 31-band graphic equalizer for each output of the PA (Klark Teknik DN360 ou BSS Opal), and one reverb unit.

2 - MONITORS

1. This show doesn't need monitors for the artists.

3 – INPUT LIST

CH	DESIGNATION	MICRO/DI	STAND
1	Aquofone	Lavalier microphone with wireless Sennheiser EW	-----
3	PC L – Plugged at console for technician	-----	-----
4	PC R - Plugged at console for technician	-----	-----

4 – Lights

- DMX cable (3 or 5 pin) to Plug the technician's own software.
- 48 available and fully working dimmer Channels.
- 16 – PAR 64 CP62
- 7 – PC 1KW
- 2 – Profile 15° | 30° – 2000Watts
- 10 – Profile 15° | 30° – 750Watts ou 1000Watts
- 6 – Fresnell 1KW

Every light must have filter/gel holders and barn doors.

This list of equipment refers to the minimum lighting conditions for this show. It is possible that an equipment reinforcement is needed, it depends on the stage/venue size.

5 – STAGE

- Black box with 3 LEGS on each side.
- 8m x 8m acting area.
- 4 x lighting rod.
- The audience must be at the same level as the artists

Very Important: We ask for the stage to be **cleaned and mopped**, as not to damage any props or scenery.

6 – CONTROL ROOM

- The control room/table must be situated on the **right side of the audience** (between side legs) and must have all the connections ready for the technician to plug his own equipment, as well as **4 x 230V/50Hz electrical outlets (Portuguese sockets)**.
- It will be needed a small table (1m x 0,8m) for the technician's equipment.

7 – LOCAL CREW

Although **Conchas** has its own sound/lights engineer, please be sure to provide **one capable sound engineer** and **one capable light engineer** in order to assist all technical work.

All the scenery and technical equipment shall not be moved after sound/light checking and rehearsal.

Setup Time:

Total Setup time is **6h**, counting on setting up scenery, programming the software, tuning the lights, soundcheck and rehearsal.

This Setup time comprehends the normal conditions of a fully equipped venue. If there's no time for pre-setting the lights before the arrival of our team, please let us know, because it will take up more time.

We thank you in advance if you could let us know of any anomaly in the venue.

It would be great if you could send us the stage plot and the list of the venue/festival equipment available for us, **as soon as possible**.

The disregard for these conditions may compromise our show's quality. The technical team, in accordance with the d'Orfeu Board, may cancel the show if the technical rider presented to us doesn't fit our needs.
