Lord of the Flies

TEATRO E MARIONETAS DE MANDRÁGORA

Teatro e Marionetas de Mandrágora is a professional puppet theater company, founded on 2 April 2002, directed by **Clara Ribeiro** and **Filipa Mesquita** and **enVide neFelibata** as art direction.

- In the symbiosis of a symbolic language that combines heritage and traditional legacy with the contemporary society's thinking and dynamics, in a dialogue that's not always peaceful, a fundamental element emerges: the puppet — the tool used in our quest for our own cultural identity.
- Our goal is to discover the puppet's own aesthetic, visual, scenic, and dramatic potential, as well as in the relation between actor and puppet. In this experience, we intend to find our own identity-based dramaturgy: the one that explores culture, belief, and folklore combined with the urban area, the technological exploitation and the global village's fast pace.
- Throughout our artistic journey, we created a wide range of proposals, both in terms of audiences (adults, youngsters schoolchildren, families) and in terms of training (basic and specialized).
- One of our major commitments is touring our projects, through the country and abroad. We constantly concern on decentralization, community work, partnerships, social and inclusive enhancement.
- For over two decades, the Company firmly established itself as a contemporary artistic creation structure by putting on a wide range of shows. Some creations our own, others resulted from partnerships with national and foreign cultural structures and entities.
- Our team has always had space to freely create according to each other's

language and vision, converging to develop and enrich the puppet theater's art.

- Our Company focuses on social vulnerabilities but also traditions and heritage through different but converging sights. Dialogue with all different audiences, blend our creations with sites and spaces, intersect with partner entities and structures is essential for creating multidisciplinary projects that prioritize communication with spectators.
- We would like to highlight our collaboration with numerous educational service teams while implementing our education activities program in institutions such as monuments, museums, and landmark buildings.
- *Teatro e Marionetas de Mandrágora is supported by República Portuguesa - Cultura, Juventude e Desporto / Direção-Geral das Artes, Município de Espinho / Museu Municipal de Espinho e Município de Gondomar. The structure is based at FACE - Fórum de Arte e Cultura de Espinho and headquartered in Gondomar.*

ART CREATION

Since the birth of Teatro e Marionetas de Mandrágora, its creative team has engaged in multidisciplinary artistic dialogues, collaborations, and various partnerships. These cover a wide range of synergies and, as such, the creative artistic team, which is the central axis of all the company's artistic projects, meets with other entities and structures that feel the need to seek out these technically specialized professionals in order to find answers to their creative, educational, or heritage needs.

Thus, collaborations between projects and visual artists are often called upon to take place, creating challenging and innovative artistic dialogues that certainly bring new and distinctive sharing of learning, which not only meet technical needs, but rather enhance collaborations and joint creative developments.

These collaborations, many of which have been repeated over the years, create important partnerships between entities that allow for not only dramaturgical, but also technical and artistic observation. The dialogue between performing artists and other bridges of artistic empowerment launches a movement and drives the transmission of specialized knowledge, implementing artistically consolidated projects on stage or in spaces, where joint learning is above all a position in the way of being of the creatives in the structure.
