# TEATRO E MARIONETAS DE MANDRÁGORA

Teatro e Marionetas de Mandrágora is a professional puppet theater company, founded on 2 April 2002, directed by **Clara Ribeiro** and **Filipa Mesquita** and **enVide neFelibata** as art direction.

- In the symbiosis of a symbolic language that combines heritage and traditional legacy with the contemporary society's thinking and dynamics, in a dialogue that's not always peaceful, a fundamental element emerges: the puppet — the tool used in our quest for our own cultural identity.
- Our goal is to discover the puppet's own aesthetic, visual, scenic, and dramatic potential, as well as in the relation between actor and puppet. In this experience, we intend to find our own identity-based dramaturgy: the one that explores culture, belief, and folklore combined with the urban area, the technological exploitation and the global village's fast pace.
- Throughout our artistic journey, we created a wide range of proposals, both in terms of audiences (adults, youngsters schoolchildren, families) and in terms of training (basic and specialized).
- One of our major commitments is touring our projects, through the country and abroad. We constantly concern on decentralization, community work, partnerships, social and inclusive enhancement.
- For over two decades, the Company firmly established itself as a contemporary artistic creation structure by putting on a wide range of shows. Some creations our own, others resulted from partnerships with national and foreign cultural structures and entities.
- Our team has always had space to freely create according to each other's

language and vision, converging to develop and enrich the puppet theater's art.

- Our Company focuses on social vulnerabilities but also traditions and heritage through different but converging sights. Dialogue with all different audiences, blend our creations with sites and spaces, intersect with partner entities and structures is essential for creating multidisciplinary projects that prioritize communication with spectators.
- We would like to highlight our collaboration with numerous educational service teams while implementing our education activities program in institutions such as monuments, museums, and landmark buildings.
- *Teatro e Marionetas de Mandrágora is supported by Portuguese Republic – Culture, Youth, and Sports / Directorate-General for the Arts, Espinho Municipality / Espinho City Council, and Gondomar Municipality. The structure is based at FACE - Espinho Art and Culture Forum and headquartered in Gondomar.*

# PRESENTATION

What happens when a bird's nest becomes a tiny stage?

The "NINHOabrigo" workshops challenged children and young people in the municipality of Gondomar to transform birdhouses into literary worlds.

From 30 short stories, we created miniature theaters, transforming the written word into a three-dimensional world, akin to miniature theater. From this collective creative process, a vast forest of diverse narratives blossomed, reflecting the identity of each group we worked with.

The magic happened when we peeked inside: the nests opened up, and the stories took flight.

# ART INSTALLATION

The environment that surrounds us is inspiring, a source of dialogue between public space and art. Thus, artistic installations integrate urban and rural spaces, whether through events and initiatives, or informally, presenting themselves to everyone. Art can and should be present outside galleries and exhibition spaces, there too, but not only there. Whether through guest artists or intergenerational community programs, the installation of art in public spaces is a statement. Art is important in our daily lives, whether in harmony or as a confrontation of ideas and concepts that encourage us to reflect. And suddenly, while walking, the individual finds themselves in front of the work, the installation, breaking the routine through art. And so thoughts, reflections, or the simple aesthetic contemplation of something that arises unexpectedly are instigated, placing the individual's mind in a place of artistic reality.
